

Roll Up, Roll Up

Enjoy all the fun of the circus this summer at Underwater Street. Master new circus skills at our workshops including the diabolo, plate spinning and juggling. There's a wide range of new crafts to make and take home including circus fridge magnets, puppets, masks and ringmaster hats. Don't miss our brand new science shows "It's a kinda magic"..Three different shows every day.... and much,much more! [click here for more details](#)

CIRCUS DAYS AT UNDERWATER STREET

Underwater Street staff in training! Join in our circus workshops and learn the basics of some great circus skills. There's the diabolo, plate spinning, balancing peacock feathers....Put your new skills to the test in our daily contests. Great fun, great prizes.

Choose from a wide range of fridge magnets. There are brand new circus themed such as clowns and balloons or old favourites like robots, flowers dinosaurs...practically anything you can think of! Our friendly staff will help you choose your design, make your magnet from plaster, then provide you with everything you need to decorate it. Great fun for children and adults!

Become a member of the circus for the day with our great new crafts such as ringmaster hats, clown masks, Chinese ribbons and magic wands. Like what you've made? Show it off in our hat and mask parade. There are some great prizes for the best dressed.
